ABOUT MBA(TECH)

The MBA (Tech) program is a five-year integrated course designed to provide students with a unique blend of management expertise and technical proficiency. This innovative curriculum bridges the gap between technology and business management, preparing students to address complex challenges in a rapidly evolving global marketplace. By combining advanced technical skills with core management principles and hands-on experiential learning, the program equips future leaders for dynamic roles in fields like technology consulting, data-driven entrepreneurship, product management, and business analytics. Students explore a wide range of subjects, from strategic management and financial analysis to emerging technologies such as AI, Blockchain, and IoT.

WHY CHOOSE MBA (TECH)?

Comprehensive Curriculum: A perfect blend of management expertise and technical knowledge.

Industry-Relevant Skills: Learn about emerging technologies like AI, Blockchain, and IoT, and their impact on business.

Dynamic Career Opportunities: Opens doors to a wide range of roles in technology consulting, data-driven entrepreneurship, product management, business analytics, and more.

Future-Ready Leaders: Prepare for leadership roles in industries where business and technology intersect.

Hands-On Learning: Real-world case studies, internships, and industry projects to give you the practical experience you need to succeed.

Mr. Mohit Choudhary
Senior Business Developer Associate
Intellipaat Software Solutions Pvt. Ltd.

I'm Mohit Choudhary, a 2022 graduate from SPSU, now working as a Senior Business Development Associate at Intellipaat in Bengaluru. The CSE department, faculty, and placement cell played a pivotal role in shaping my career, not just by imparting technical knowledge, but also by fostering leadership skills and providing real-world learning opportunities that prepared me for a successful corporate life.
